Global Infrastructure Anti-Corruption Centre

## ANTI-CORRUPTION ALLIANCE BETWEEN ACECC AND GIACC

**It is agreed that the Asian Civil Engineering Coordinating Council (ACECC) and the Global Infrastructure Anti-Corruption Centre (GIACC) should form an anti-corruption alliance. The terms of the alliance are as follows:**

1. **Informal alliance:** The alliance between ACECC and GIACC will be informal. No new organisation will be formed, and there will be no resulting legal, financial or contractual obligations. It is merely an informal alliance to achieve a common objective for the public good.
2. **Common objective:** ACECC and GIACC agree to work together with the following objective:
  - to raise awareness of corruption by promoting and/or providing anti-corruption information and/or training; and
  - to promote the implementation of anti-corruption measures as an integral part of government, corporate and project management.
3. **Agreement on a case-by-case basis:** ACECC and GIACC will agree on a case-by-case basis how to work together to pursue the above objective.
4. **Exchange of resources:** ACECC and GIACC will freely exchange with each other their anti-corruption resources and ideas, and will collaborate to develop new resources.
5. **Web-sites:** ACECC and GIACC will refer to this alliance on their web-sites, and will provide a link on their own web-site to the other's web-site.
6. **Termination:** It is the intention that this alliance will be a long term mutually beneficial arrangement. However, either party may terminate this alliance at any time by notifying the other party by email.

**Agreed by the Asian Civil Engineering Coordinating Council**
